

SPARK Writing & Phonics Program *via ZOOM!*

SPARK Reading & Writing - Igniting literacy skills for lifelong success!

In a fun, interactive and engaging 2 week online format your child will acquire skills that will foster and support his/her love of reading and writing. Using research based learning programs, and Handwriting Without Tears®, campers will experience success and pride as they learn about letters and sounds and how to use and recognize them in writing, reading and communication. Each session will be led by two highly qualified therapists: our Occupational Therapist Courtney and our Educational Therapist Ann. This unique collaboration between two disciplines will allow your child to learn crucial skills and confidence they will need for the following year.

- *handwriting legibility & fluidity including letter formation, spacing & line orientation*
- *phonemic awareness - identification of letter sounds & blends needed for reading & spelling*
- *phonics - able to recognize & form the letters to make these sounds*
- *develop the physical strength & coordination to write without becoming fatigued or stressed*
- *practice the skill of handwriting, spelling & sharing of ideas on paper*

Age: 6-8 yr. olds who struggle with reading & legible handwriting
