

# Social Brain Building SUMMER CAMP

## PREPARING YOUR CHILD FOR RE-ENTERING THE CLASSROOM

Child Success Center's Melissa Idelson and her team of skilled therapists have collaborated with Patty Ramsey, LMFT to develop a **play-based, summer enrichment camp**, designed to boost **social-emotional learning**.

Campers will use their imagination to build their "campsite" in the CSC sensory gym and problem solve camp themed scenarios, while having fun building dynamic social skills that will prepare them for **re-entering the classroom in the fall**.

## IF YOU KNOW OF A CHILD STRUGGLING WITH:

- Making transitions
- Managing big feelings and energy levels
- Talking out of turn or grabbing
- Negotiating and compromising
- "Plugging in" to group plans and processes

## THEN THIS CAMP IS FOR THEM!

**Two groups: 4-6 & 7-9 years old**

DATE: June 28-July 2, TIME: 8:45am-12:45pm

COST: \$795 per child

*We recommend booking a 1:1 session (cost \$180) with Patty after SSB Camp concludes to discuss how to use what your child has learned in your home and school.*
